

CLICK HERE and find out why Children's World should be your school's uniform supplier.

Why Uniforms?

1. Uniforms eliminate the competition in dress among students. Schools exist to teach children and provide them with the best possible learning environment. With uniforms, students can focus more on learning, and less on what all of their classmates are wearing.
2. Students in uniform are more inclined to express themselves through academic performance. Studies have proven that grades are better among students in uniform schools.
3. Students in uniform are more disciplined. The school campus appears to be more professional as students are dressed in their “business” clothes, rather than their “play” clothes.
4. Uniforms prepare students for the future, where many will wear uniforms for work.
5. Uniforms help make a more secure school campus. Students in uniform are identified as belonging on their campus, so those who not in uniform stand out immediately, and can be appropriately scrutinized.
6. Students take pride in their uniform – they like being identified with their school.
7. Uniforms enhance school identification. Students out in the community are easily seen and recognized as students of a particular school by the unique style or color of the uniform.
8. Uniforms purchased for a full year are far less expensive than the cost of street/play/fashion clothing. When you consider the cost of keeping up with the “in” designer clothes, the savings are even greater.
9. Good uniforms are made better than ordinary clothes, as they are made to withstand weekly washings and still look as good at the end of the school year as they did at the beginning. Ordinary clothes can’t do that.
10. Uniforms eliminate the decision of what to wear every morning, eliminating what can be a major decision.
